Designing Colorado sensory gardens, from one-
time consultations to detailed planting plans.
Kim Healey Obert 303-725-6310
SensoryGardensSpaces@gmail.com

Questions to Screen Landscapers

1. Do you use round up?
2. When you start a job, how do you do your soil prep?
3. After the job is installed, do you come back and check on it?
4. How are you choosing your plants?
5. Do you know the natives (i.e., mountain mahogany? Fernbush?)
